

## Summary of discussions and decision NYSSPE-PEC teleconference on 03/17/06

Attendees: David Coppolo, Bill Rodwick, Simon Sauberman (before and after) and Jim Yarmus.

1. David will send his lecture submission to Bill. Bill will handle the submission to PIE if he receives the lecture materials in an acceptable format on time for EXPO.
2. The other 4 lectures are approved and ready for the presentation.
3. Jim arranged for a standby lecturer if David's lecture is delayed beyond next week or if another lecturer fails to attend, etc.
4. David indicated that he sent an email blast to all PEs. No one has received anything from NSPE. David said that he and Jennifer handled the arrangements.
5. Jim requested again that we reach out to our peers and augment the ranks of the PEC group. All EXPO arrangements are complete.
6. The policy of PEC paying for NYSSPE events attended by the Chair was confirmed. The next event, Planning session in Saratoga, NY, was specifically approved as well.
7. There will be a \$10 charge for each PDH attended by participants. However, the exhibiting firms may send one PE to attend lectures at no cost.
8. Jim suggested several field trips on unique construction projects as the next type of activity. The trips will be submitted for PDH credit. Further decisions will be made at the Planning session in Saratoga or at the June meeting in White Plains, depending on quorum and suggestions. Jim will prepare an EXPO report when the figures are received from the Societies, probably in May.

Please send **REPLY** or **FORWARD** to: [jyarmus@stevens.edu](mailto:jyarmus@stevens.edu) with your comments or questions. These notes will be final on 3/22/06.

Thanks for all your help. *Jim*
